

Take Me Home

Prosecutor Sherri Bevan Walsh announcing the Take Me Home Program

Prosecutor Sherri Bevan Walsh is pleased to partner with the Summit County Sheriff's Office on a county-wide initiative to better support those with disabilities who may need extra help communicating in an emergency situation.

The **Take Me Home** program allows for the rapid identification and safe return of citizens who are unable to adequately communicate vital information — such as their name and address — to law enforcement officers. Those who are registered in this program are placed in a database that officers can access via radio and sometimes laptops in their cruisers.

ENROLLMENT IS EASY

The **Take Me Home** program is a database maintained by the Prosecutor's Office and is only accessible to law enforcement personnel. The system includes a picture, disability, description and contacts. If a person in the **Take Me Home** program is encountered alone by a police officer or is reported missing, the officer can access the **Take Me Home** database by name or by the person's description to locate their enrollment record. With the information at hand, the officer can appropriately assist the person.

STEP 1: Enrollment

Enroll the individual in the **Take Me Home** system by filling out a registration form and either emailing a photo or having one taken by our office. For registration information, go to:

co.summit.oh.us/Prosecutor

co.summit.oh.us/Sheriff

Look for the **Take Me Home** logo.

STEP 2: Emergency

If a registered individual is found alone by law enforcement and needs help, police will search the **Take Me Home** database.

If the registered person is reported missing, it is never too soon to call 911, especially if they are disabled. The first hour is critical in finding a lost person. Inform the police that the individual is registered in the **Take Me Home** database.

STEP 3: Safe

Caregivers will be contacted immediately to let them know their loved one has been found.

Take Me Home
is a free service offered to the
citizens of Summit County

Take Me Home Partners

We would like to thank and acknowledge the Pensacola, Florida Police Department for developing this software and sharing it — free of charge — with the citizens of Summit County.

Thank you to all of our partners:
